

NOTICE

February 11th, 2024
Meeting of St. Paul's
Vestry of the Whole

A brief meeting of The Vestry of the Whole will be held following the regular 10 AM service this coming Sunday, February 11th.

The purpose of this meeting is to explain the need for and approve the purchase of a Grand Piano Dolly with an estimated cost for purchase and installation between \$1,000 and \$1,400.

Funds are already available. The cost of purchase and installation will be covered by the funds raised in conjunction with the piano's purchase.

Justification: Our initial experience with the piano indicates that there will be ongoing needs to move the piano to accommodate both church and community activities in the Sanctuary.

The piano weighs 674 lbs. A piano dolly would make moving the instrument a much easier and safer process, significantly reduce the potential for damaging the piano while it is being moved, and reduce the need to have the piano tuned more often than necessary.

The Senior Warden and Rector-In-Charge recommend that the piano dolly be purchased, and professional piano movers be hired for a safe and proper installation.

Proposed: St. Paul's Vestry of the Whole authorize funds for the purchase and installation of a piano dolly for the Yamaha G2 which is located in the Sanctuary.
